Task Force Priorities

Solidifying fund attributes

- Offer country implementations and governments options for enterprise class services on an subscription basis
- Provide enhanced software support, training opportunities, and access to customized tools (three tiers: self-support, standard premium)

Meeting with USAID AMs/Partners

- Scheduling a 90-minute meeting to share an overview of the transition
- Afterwards, meet with each country AMs/partners to discuss the fund in more detail and gather feedback

Collaborating with Digital Square and other global goods
